SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Summer Excessive Heat Conditions Preparation:

The California Governor's Office of Emergency Services (Cal OES), in partnership with the National Weather Service, is closely monitoring potential excessive heat conditions that will warrant activation of Phase II/III of the state's Extreme Temperature Response Plan. Please review your local response plan in preparation for an extreme heat event as we enter the summer months.

PG&E Public Safety Power Shutoff (PSPS) & Wildfire Full Scale Exercise

In preparation for the upcoming PSPS season, Cal OES is participating in the PG&E Public Safety Power Shutoff (PSPS) & Wildfire Full Scale Exercise the week of June 13-17, 2022. PSPS notifications will be made to existing key agency partners during the exercise period to test the notification method and capabilities. No action is required for the recipient. There are external agencies actively participating in the exercise at various levels in addition to a large number of operational areas and agencies observing.

Below is a link to each Investor-Owned Utilities' webpage to monitor for live power outages and PSPS activities:

COVID-19 SUMMARY

Coronavirus Disease 2019 (COVID-19)

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

SMARTER Plan

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

CDPH Statewide Travel Advisory

- For more information: [CDC Travel Guidelines](#)

Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 06/08/22 at 1630 hours:

- 9,058,902 total confirmed cases.
 - 103,240 Delta
- 90,892 total deaths.
 - 173 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

Weather Risk Outlook

Regional Operations Center

Western Region

Monday, June 13

	Mon, Jun 13	Tue, Jun 14	Wed, Jun 15	Thu, Jun 16	Fri, Jun 17	Sat, Jun 18	Sun, Jun 19
Fire Weather Low RH / Wind / Dry T-Storms	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	
Thunderstorms Wind / Hail / Tornadoes							
Heat	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern
Cold							
River Flooding							
Wind	Southern			Inland	Inland		
Heavy Rain Flash Flooding / Debris Flow							
Snow							
Coastal Flooding							
Risk Levels	Little to None		Minor	Moderate	Major		Extreme

Weather Key Points

Regional Operations Center

Western Region

Monday, June 13

- Cooler temperatures will continue over much of the state Monday and Tuesday, warming significantly once again Wednesday and Thursday
 - Moderate to high heat risk impacts will return for many inland areas midweek, with readings back in the upper 90s and lower 100s for the Central Valley, and 105 to 115 degrees across the southern deserts
 - Cooler conditions will make another return by the weekend
- Gusty winds will be noted for many areas along and east of the Sierra as well as inland Southern California at times through late week, bringing periods of elevated to locally critical fire weather conditions
 - The strongest winds are expected across the southern California mountains and foothills Monday through Wednesday, spreading into areas near and east of the Sierra Thursday and Friday
 - Winds will also be breezy at times across much of the Sacramento and San Joaquin Valleys
- Dry weather is also forecast over the next 7 days for the majority of the state

Precipitation Forecast

Regional Operations Center

Western Region

Monday, June 13

No precipitation is forecast through Wednesday

Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Precipitation (inches)

Monday

Tuesday

Wednesday

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

Weather Outlook (6-14 Days)

Regional Operations Center
Western Region
Monday, June 13

6-10 Day Outlook (June 18 - June 22)

Temperatures

- Below normal temperatures are favored statewide

Precipitation

- Near normal precipitation is favored for the majority of the state

8-14 Day Outlook (June 20 – June 26)

Temperatures

- Below normal temperatures are favored for the northern half of the state, with near normal readings favored across the south

Precipitation

- Below normal precipitation is favored for the northern half of the state, with near normal precipitation favored for the southern half of the state
